Resting on the southern banks of the Zambezi river at the western end of the eponymous falls, this popular tourist town is compact enough to walk around and makes an ideal base for travellers exploring the seventh wonder of the world, the unfathomably vast Victoria Falls. About two thirds of the falls can be viewed from the Zimbabwean side and, while the falls are undoubtedly the star attraction, the area provides both adventure seekers and sightseers with plenty of opportunities to warrant a longer stay. Popular activities include scenic flights over the falls in helicopters or micro lights, bungee jumping off the Victoria Falls Bridge, white-water rafting (seasonal), and day trips to Chobe National Park. The town itself offers some excellent accommodation and restaurant options as well as an eclectic variety of African curios and authentic art sold by friendly Zimbabwean locals who are wonderfully welcoming and eager to help you enjoy your stay.

Located in a prime position in Hwange National Park, The Hide offers a life-enriching safari experience for its guests, from its fantastic game viewing right on your doorstep, to a variety of daily activities to suit everyone and the warm and welcoming staff, who make you feel like family from the minute you arrive.

## Activities

### Day and Night Game Drives

Morning and afternoon game drives as well as night drives with a spotlight are offered at The Hide Safari Camp.

Days can be spent further afield on game drives in search of predators and prey alike. We like to do things properly, so sundowners are an important part of the experience. Enjoy the natural beauty with a cold drink in hand. The guides at The Hide are very much part of the family and have been with us for many years. They have undergone some of the most rigorous training in Africa and their passion for and knowledge of the bush is often what makes a safari so special.

## Guided Walks

Morning and afternoon guided walks are offered at The Hide Safari Camp.

The Hide Safari Camp is fortunate to have the best of both worlds. While located within the Hwange National Park, it is also surrounded by a private concession which allows us to offer activities not otherwise permitted. Hwange is a vast playground worth exploring so you don't have to worry about being bored. Early morning walks are there for the thrill of encountering wildlife on its own terms and exploring the little surprises of the bush.

## The Underground Hide and Wine Cellar

You're sitting on the deck at The Hide 'A' frame. The sun has just set, its residual warmth a soft tinge of pink in the sky. Just then, a family of elephants strolls into the scene and up to the waterhole. You watch, fascinated by their interactions. Now, here's where you jump into action. Without the need for a guide or host, you can go directly from the deck into the underground hide and observe the elephant family from up-close. Just step off the deck and slip down the steps into a whole new world. Along a tunnel, you'll walk for about 10 metres under the surface of the earth – and then emerge into a "window on the waterhole", where you can sit quietly, the unobserved observing. It's a special new addition and makes the experience of "game viewing" more intense and personal.

Along the same tunnel, guests are delighted to find, hidden away in the wall, a real wine cellar. Perfectly cooled at a steady 17 degrees Celsius, ambient-lit and stocked with a small selection of fine wines from around the world, this is a welcome addition to an already all-sensory experience at The Hide. Guests are invited to choose the wine they'd like with dinner – or suggestions are made based on wine pairing experts' recommendations.

### The Dove's Nest Treehouse

Our little secret, the Dove's Nest, is just about the best way to get away from it all. There are few things more exciting than spending a night out in a tree house.

Overlooking the open tree-lined vleis and pans, this rustic gem is a perfect vantage point from which to view wildlife safely, quietly. Just the two of you. Kept simple, as a tree house should be, the bedroom of the Dove's Nest is reached by a wooden stairway and with a closeable door. You won't have to forego your hot shower and warm bed and the location is second to none.

### Hwange National Park

Hwange National Park is the largest reserve in Zimbabwe and is home to a variety of wildlife, including giraffes, lions, zebras and about 40 000 elephants. It is also a protected region for endangered species. The area stretches from sandy dunes and savannahs through to rocky terrain and forests.

## Day 4: Mobile Campsite - Sinamatella Area, Western Hwange National Park

### Western Hwange National Park

Located in western Zimbabwe, Hwange National Park (formerly Wankie Game Reserve) is the largest natural reserve in the country and is famous for its rich diversity of wildlife. The northern and western areas of the park are different - the northern area is encompassed by the Zambezi watershed, while the western part consists of grasslands, marshes, and scattered woodlands. The natural seeps such as Nehimba and Shakhwanki, where animals dig for water, are particularly notable. The park is home to one of the biggest elephant populations in the world, as well as around 100 mammal species, and several protected animals including the endangered wild dog, critically endangered black rhino, and rare roan and sable. Around 500 bird species also inhabit the area. Visitors can look forward to bush hikes, game drives, and horse riding safaris.

### Day Itinerary

Today we drive to West to an the Sinamatella area - a remote and rugged region located in the northern part of Hwange National Park, Zimbabwe. It is known for its stunning natural beauty, including rocky outcrops and dramatic landscapes that are home to a variety of wildlife such as elephants, lions, leopards, and African wild dogs. Here, you'll fully immerse yourself in the wild by staying at a mobile camp, allowing you to experience the raw beauty of nature up close and personal.

Embark on an off-road game drive along the banks of the Lukosi River, where you'll encounter a diverse array of wildlife.

### **Overnight: Mobile Campsite - Sinamatella Area**

This back-to-basic, Hwange National Park Experience will take you back in time with the 'charisma and charm' of how the Safari Industry first began. During your stay in Hwange, you will stay in areas rarely visited by anybody else and encounter something that not many a safari enthusiast would ever get to experience, sleeping in tents under the star-lit night sky with nothing but the canvas wall of your tent separating you from the outside! Jackals barking, lions roaring as they advertise their presence to all and owls hooting, are just some of the night sounds that you can look forward to hearing during your stay. ### Travel Information

#### Safari Do's and Don'ts:

Jenman Safaris has extensive knowledge and experience in most African Countries. Throughout the many years we have learnt about a few "Do's and Don'ts" while travelling in and around Africa. We have therefore developed this list for you to read at your leisure. All tips are not always relevant to all the areas that you travel to – depending on your tour.

Due to a lack of transparent and credible regulation relating to ethically acceptable practices where captive wildlife is concerned, Jenman African Safaris has taken the decision not to support any activities that include physical contact with captive wildlife. We urge you to consider the ethical implications of taking part in any such activity that may be offered at your lodge.

#### Arriving for Safari

Get some rest on the first day of your arrival – you may need some time to adjust to a different time zone. Rather arrive a day early to rest and start off your tour refreshed and ready for adventure!

#### Currency

When you need to exchange your currency, avoid any exchanges on the street or in other areas that may seem suspect. Always note that even when people approach you with an, e.g., 50% premium exchange rate offer, this exchange is considered part of the black market and is illegal! Hotels, Camps and Lodges can change money, but sometimes the rate is slightly lower. We recommend that you visit an accredited Bureau de Change.

## Credit Cards

Credit cards such as Visa and MasterCard are widely accepted in most areas as well as at bigger hotels and lodges.

## Hospitals and Pharmacies

The larger towns in Southern Africa have pharmacies and hospitals, but you should always make sure you have enough of your medicine in case the pharmacies/hospitals don't stock them.

## Telephone

In most areas you can call internationally – however please note that some of the smaller areas may not have these facilities and international phone calls are costly. Also, built up areas and towns do have cell-phone reception!

## Passports, Documents and Valuables

Please make sure that you keep your passport, documents and any other valuables with you at all times! We recommend that a copy of these documents should be made and kept in another safe place in case something happens to the originals. Never leave valuables alone and remember you are on safari, so expensive and valuable jewellery is not necessary.

## Safety

Every area (any where in the world) can be unsafe at times. Please take common precautions at all times and never walk alone, especially at night or in run-down areas!

## Packing

Remember to always check the amount of luggage you are allowed to take on the plane as well as on the Safari Vehicle – they may differ. We recommend that a soft bag is used instead of a hard suitcase as it's preferable on safari. Most air flights allow for 20kgs and our scheduled safaris are limited to 15kgs per person. Don't forget to put luggage tags on your suitcases (for the airplane and the safari).

## Luggage and Medication

Please be advised that you should put any medication that you need (e.g.: diabetes medication) into your hand luggage, even with the strict regulations, airlines will allow that as long as you have a letter from your doctor.

## What to wear:

You are on safari and out in the bush so make sure that you are comfortably dressed with comfortable shoes. Always have a mix of clothing including; summer clothes, light raincoat, warm top and a hat.

## Punctuality

Please be on time when you meet your vehicles for the game drives. If you run late you may delay the rest of the trip or miss something wonderful!

## Climate

Always remember that the African Sun may look gentle but it is strong and can be harsh. Too much sun can lead to headaches, dehydration, nausea and dizziness. Rather look after yourself by using sun screen and a hat versus trying to get a nice African Tan.

## Drinking Water

In built-up areas the water is safe to drink (mostly in South Africa) however, some areas it is not safe to drink the tap water at all! So we rather recommend that you drink bottled water at all times to prevent any illness. You may use the tap water to rinse your mouth when brushing your teeth! Ice is generally fine to consume, but sometimes it is better to be cautious. We advise you to rather drink bottled water at all times in Africa!

#### Food and drink

Africa is famous for its fruit and fresh vegetables – which can be enjoyed all around Africa. Fruit and Vegetables should be peeled before eating. Drinks (including spirits) and cigarettes can be bought in most areas but are normally quite expensive. On our Safaris we do provide most/all meals which are prepared by our guide or at a lodge.

#### Anti-malaria medication

A lot of areas in Africa are affected by Malaria – we strongly recommend that you take your anti-malaria medication. Take your medication exactly as its prescribed and directed, don't skip any medication! At the end of your safari, if at any time you develop influenza symptoms please consult your doctor immediately.

#### Power and Electricity

Most places (hotels, lodges) have electricity. But we always recommend that you should take a flash light with you on safari. Always remember if you plug something in (e.g.: One of your appliances) there may be a different voltage! The usual voltage is 220-240 AC. If your appliance does not match this voltage you need to bring a converter with as some lodges may not have a converter for you to use...

#### Photos

There will be many amazing photo's that you will want to capture along the way on your safari. But, you need to make sure you don't take any photos of any people without their permission. Also, never take pictures of anyone/anything in the military, police force, armed forces, government, presidents or airports.

#### Animals

The animals in the bush and the ones that you may see on safari are wild and should not be approached! Animals may roam freely around so be observant and cautious when walking from place to place.

#### Tipping

Tipping is not included in meals unless there is a service charge included in the bill – then you don't need to tip. Normal tipping is 10% of the bill for drinks and food. Tipping for guides and drivers are always appreciated and range from US\$5 and US\$10 per day...

#### Driver-Guide/Safari Guide

Your driver and guide is complete with experience, information and knowledge of all the areas that you will travel to. Be sure to ask them lots of questions and feel free to chat to them about anything.

We hope that our list of 'Do's and Don'ts' have been useful and helpful. Please don't hesitate to contact us if you have any more questions that we haven't covered in the above list...
